

Dear Sirs/Madams

The no-call list has been one of the greatest pieces of legislation in recent memory. It should be an absolute right to be free of harrassment in your own home. Please, PLEASE do not change or amend this legislation in any way, with the exception of making it even MORE stringent. This law probobly has a 99% approval rating, IF NOT MORE!!!! Let's not mess with a good thing! Thank you.
